Regulations

For transshipments:

The cargo must be reported to Consolcargo Commercial Routing Department and operational area in copy, in order to confirm rates and report the cargo with origin agent. This initial report must to contain minimum: Cargo detail (packing list and commercial invoice), Hs code of the goods, Negotiation Term and Shipper detail (full name and address and contact information.)

For general cargo there is not restriction at all for being reported but for IMO and bonded cargos it is mandatory to provide MSDS and bonded area name and address, in order to confirm with origin agent is management. Please notice also that the DGD for with not always be the same as the one that arrives with the cargo, this may be change as the operation requirement.

For freight such as medicines, beauty products and in general animal products, must to confirm packing and if it is stackable or not.

Please consider Consolcargo will receive the Preatert (Mawb/Hawb) at least 5 days after the departure and cargo will be reported for the Colombian customs agency 48hrs before the arrival, so Hawb changes or amendments will not be processed after this deadline. Please notice once the Mawb is reported to the carrier, any amendment can be process. The Issue instruction must be confirmed at the moment of the instruction of the cargo.

Regulations
